

Referral Raffle Winners

Congratulations Parks Family!

Tiffany & Jamie Parks won a 40" flat screen TV by participating in the Foster Dental Care Referral Raffle. Thank you to all who refer friends and loved ones to our office. It is greatly appreciated!

Get ready for our next Referral Raffle... this time you could win an iPad! Drawing will take place on December 23, 2010. Refer a friend for your chance to win!

Spread Smiles Across Blue Springs

Foster Dental Care is hosting Dentistry From the Heart! For one day, the underserved in our community can get free dental care and we need your help spreading the word. If you know anyone in desperate need of dental fillings, extractions or cleaning who can't afford the services, invite them to this event that will take place at Foster Dental Care on October 2 from 8am – 4pm.

Even though there's no need to make an appointment, patients will be admitted on a first come, first served basis. To be seen for treatment, simply show up with a state-issued ID, list of medications, and health history. Our team of dentists and volunteers will treat as many adults as possible, limit one service per person.

For more information about Foster Dental Care or DFTH, please visit www.fosterdentalcare.com or www.dentistryfromtheheart.org. With your help, we can spread smiles across Blue Springs.

Did you Know?

Foster Dental Care has a 5-year guarantee on all dental work as long as patients maintain their twice yearly check up. Don't forget to schedule your 6-month cleanings. With our extended before school and after work hours, we have an appointment time to work with your busy schedule.

30 Years of Dentistry is Something to Smile About

On July 24th, Foster Dental Care celebrated Dr. Foster and his 30 years of practicing dentistry. The team hosted an anniversary party at the office for patients and friends. It was a hot day but with face-painting, water balloon toss, a bounce house, ladder ball, grilled burgers, cold drinks and door prizes - fun was had by all attendees young and old. Door prize winner Emily West received the FLIP Video Camera! "Ultimately, the practice is successful because of our wonderful patients and staff. This is the best way to share our appreciation. We look forward to many more years of providing exceptional dentistry," said Foster.
